Experience

Lollypop Design Studio
UX Intern (June 2021 - July 2021)

I did a short UX Internship where I learnt about the UX Design Process & also ideated an app for Self Improvement and Mental Health.

About Me

In the design world, my interests lie in creative problem solving through typography, branding, graphic design and illustrations. I consider myself to be quite an observant person. I am always curious and eager to have new experiences. I am honest & work hard with my team together to produce a valuable outcome.

Education

VVJC College - HSC 12th Grade Commerce
JUNE 2017 - MAY 2019, Thane (West)

École Intuit.lab - Undergraduate in Visual Communications
JULY 2019 - JUNE 2023 - Prabhadevi, Mumbai
I am currently studying in my 3rd year at Ecole intuit.lab

Interests

I absolutely love playing the guitar & am also learning music production. I have released my very first song too.

I journal important events in my life, my thoughts, feelings and learnings to keep the record!

I have a deep interest in reading. I mostly read about spirituality, history, non-fiction & philosophy.
